
Let's make the next campaign bigger and even more impactful - together!

The next European Testing Week will take place 18-25 May 2026.

We will announce on Facebook and Instagram when the sign up for the Spring campaign opens. Stay tuned for more details and join us again in promoting testing across Europe!

Are your testing services included on the European Test Finder?

The [European Test Finder](#) is a website where healthcare providers can register their testing services (HIV, STIs and viral hepatitis) to enable people to search for and locate the nearest services. The website is managed by the European Testing Week secretariat. If you provide testing services, have you checked whether your testing site is included? If not, please make sure to [register your services](#).
