## Are you ready for Spring European Testing Week?

**Spring European Testing Week**

20-27 MAY 2024

Increasing testing for HIV, Hepatitis & STIs  
[www.testingweek.eu](http://www.testingweek.eu)

Next Monday marks the beginning of the Spring edition of European Testing Week, which takes place **20-27 May 2024**, and as usual hundreds of organisations and institutions across Europe will join the campaign and organise activities to increase awareness and access to testing for HIV, hepatitis and STIs.

Please remember to [sign up](#) on the website to show that you support and participate in the campaign.

Don't forget to download and use our campaign material (logo, flyers, web banners for your website etc.) from [the ETW website](#).

## ETW annual theme

# THEME STATEMENT

## EUROPEAN TESTING WEEK 2024

TESTINGWEEK.EU >> MATERIALS >> STATEMENTS

### The role of healthcare providers in increasing testing for HIV, viral hepatitis and sexually transmitted infections, and ensuring linkage to care

From now on, there will be an annual theme statement for ETW, instead of one for each of the two annual campaigns. For 2024, the theme focuses on the important role of healthcare providers in increasing testing for HIV, viral hepatitis and STIs, and what can be done to increase testing in healthcare settings.

Please feel free to use and adapt the statement and messages to your local context. The statement is available on [the website](#).

Join our Spring ETW webinar on 23 May

Spring European Testing Week webinar

## HIV stigma in healthcare settings

Thursday 23 May 2024,  
14:00-14:45 (CEST)

Registration via QR-code or link in the post

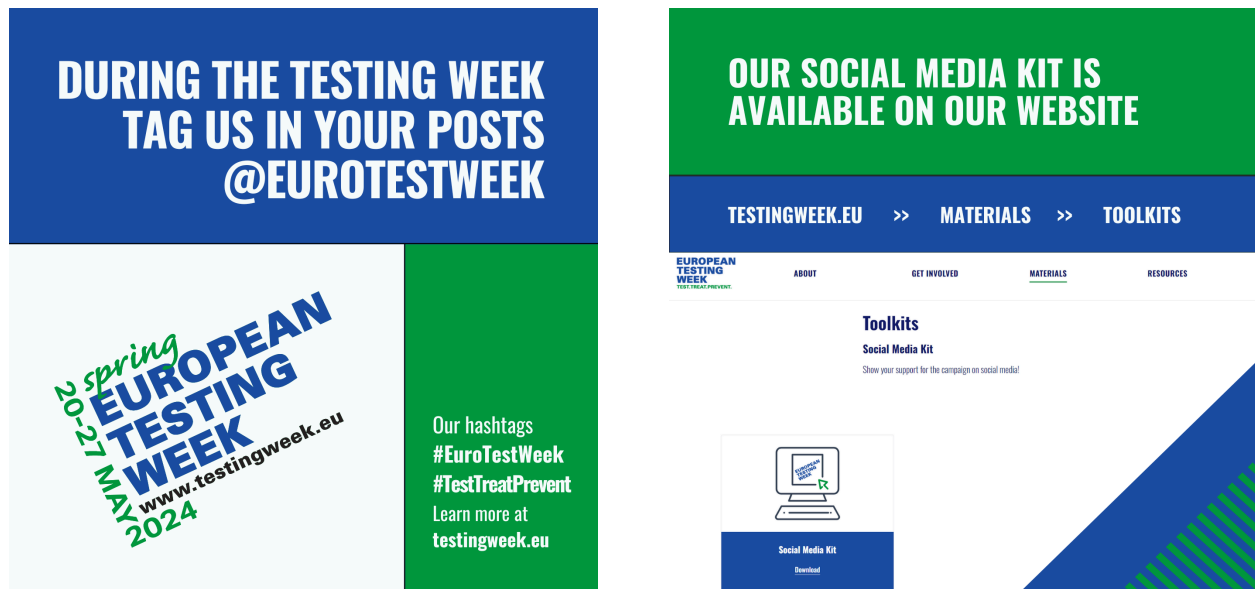

You are invited to our ETW Zoom webinar on 23 May, 14:00-14:45 CEST, where European Centre for Disease Prevention and Control (ECDC) will present findings from a recent ECDC/EACS survey on HIV stigma in healthcare settings in Europe. The webinar will provide an opportunity to propose and discuss how to overcome this challenge.

European Test Finder

# European Test Finder | testing for HIV, hepatitis & STIs

If you promote testing for HIV, hepatitis and STIs but do not provide testing services yourself, please refer people to the [European Test Finder](#) where they can search for their nearest testing services.

**If you do provide testing**, please check whether your services are included. We constantly encourage more and more testing services to register on the website and provide information about their services. Please take a couple of minutes to set up a username and password and fill out information about your testing services.
