European Testing Week Newsletter

• June 2024 •

We would like to thank all of you who participated in the Spring European Testing Week 20-27 May and supported the campaign objectives of increasing access to testing and raising awareness of the benefits of early testing for HIV, viral hepatitis, and STIs. We hope you had a successful Testing Week. Our evaluation of Spring Testing Week will soon be published and available on the website – watch our social media channels for more info.

Help recruitment for EMIS 2024 survey

There is still time (until end June) to take part in the biggest survey of gay and bisexual men and trans people who have sex with men. Please help us disseminate the survey. If you belong to these groups and have not responded yet, please access the survey through the link: <https://t.ly/wP24l>

Register testing services at European Test Finder

If you promote testing for HIV, hepatitis and STIs but do not provide testing services yourself, please refer people to the [European Test Finder](#) where they can search for their nearest testing services.

If you do provide testing, please check whether your services are included. We constantly encourage more and more testing services to register on the website and provide information about their services. Please take a couple of minutes to set up a username and password and fill out information about your testing services.
